Profile:

Broad knowledge of Global multi-discipline creative work being well-travelled and experienced in projects using translators to deliver impactful results. Lifelong creative & enabler providing technical & conceptual strength across the board. Able to communicate complex ideas simply to any audience. Comfortable in client & team interaction on projects (as Artistic or Technical Lead).

Uses traditional sketch/scamp & 3 dimensional model methods to best communicate an idea or proposal for pitches or team meetings; includes extensive Photoshop compositing for conceptual visual creation. Naturally incorporating budgetary, client brief, technical, logistic & conceptual considerations.

Deep understanding of Feature Film & TV production techniques plus project structure. Experienced in filming miniature visual effects, Live action, model & HD shoots. Familiar with script & narrative break down, character arc development & potential cross media opportunities. Understanding of character IP & its potential online/digital applications.

Experienced negotiator & trouble shooter having undertaken global technical reconnaissance assessing crew, power, H+S, venue architectural suitability & logistical access. Liaison with local territory staff & crew to deliver unique events which maximise the marketing message. Responsibility for visual finish & professional presentation in all areas. Extensive dealings with top flight clients, talent & crew for creative time & budget critical projects covering experiential marketing, Film, TV & development/research.

Areas of expertise include:

- Art Direction - Solid judgement with experienced eye for detail
- Creative Lead - Thematic and curatorial led project development
- Spatial/Human Interaction - Product and Architectural/Interior design
- R+D - Project Technical testing, planning & assessment
- Product & Development - Design engineering & Project management
- Audio/Electronics - Specialist Acoustics, electronics & Media Tech
- Brainstorming - Ideas, team discussion, presentations & pitches
- Leadership - Asking the tough questions and obtaining the right answers
